Went half-crazy now and then A
He still loved her through it all B7
Hoping she'd come back again E C

Kept some letters by his bed E
Dated 1962 A

Every single I love you E
I went to see him just today E
Oh but I didn't see no tears A
All dressed up to go away B7
First time I'd seen him smile in years E

He stopped loving her today E
They placed a wreath upon his door A
And soon they'll carry him away B7
He stopped loving her today E

[Verse 3] (Spoken)

You know she came to see him one last time E
Oh and we all wondered if she would A
And it kept running through my mind B7
This time he's over her for good E

[Chorus]

He stopped loving her today E
They placed a wreath upon his door A
And soon they'll carry him away B7
He stopped loving her today E
